

SAGE TEA BEST WAY TO TURN GRAY HAIR DARK
Combined With Sulphur Makes Good Old-Fashioned Treatment.

A good old-fashioned remedy for darkening gray hair is a compound of Sage Tea and Sulphur. Avoid the trouble of making it yourself by getting a bottle of Sulpho-Sage. This is a quality toilet preparation based on the old-fashioned formula with other helpful ingredients added. It is in no sense a dye, but merely causes nature to bring back to each gray hair the original rich, dark shade. This is done so evenly that no one knows you are using anything. New gray hairs are kept from showing. Sulpho-Sage removes dandruff, gives the scalp a healthy lustre and beauty that will make you look ten years younger. Get this fine old-fashioned Sulpho-Sage today from Utley & Jones. They recommend it to Norwich ladies who refund price if it does not. Utley & Jones, 100 Main St., New York, N. Y. Out of town orders filled by parcel post.

POQUONOC

Miss Ruth Trail, who has been spending her vacation in Maine and New Hampshire has returned to her home.

The infant son of Mr. and Mrs. William Fletcher who has been ill is much better.

Mrs. Robert Burns sang very pleasingly in the church choir, Sunday evening.

The infant son of Mr. and Mrs. Cecil Burrows has been named Charles Randall.

Workmen are repairing the tracks of the Groton and Stonington line at the whitch.

Mrs. Percy H. Morgan and her son, Evans are visiting in Bridgeport.

The boys of the Ship and Engine Co. held their outing Sunday at Fairview lodge, I. O. O. F., will have its annual outing here at Poquonoc park, August 26th.

Several young men from Tatfield and Greenville are in camp in the grove here.

OLD MYSTIC.

George Ingram of Burnet's Corners did not break his arm a few days ago while cranking an automobile as stated Saturday. The arm was only slightly sprained.

Guilford—Attorney George M. Wallace of New Haven, and Frank P. Furlong and Edwin J. Judd of Hartford, have just purchased of the Misses Newhalls, of New Haven, Vineyard Point, at Sachem's Head. Vineyard Point has 10 acres of land bounded on three sides by Long Island sound, while Sachem's Head itself juts out into the sound about three miles.

How to Beautify a Summer Soiled Face

It's really a simple matter to renovate a face soiled by sun, winds or dirt. Ordinary mercurial used like cold cream will transform the worst old complexion into one of snowy whiteness and velvety softness. It literally peels off the outer veil of surface skin, but so gently, gradually, there is no discomfort. The worst skin comes off, not in patches, but evenly, in thin particles, leaving no evidence of the treatment. The younger, healthier under-skin forming the new complexion, is exposed. The young face, under a mercurial wash, is enough to remove any tanned, reddened, freckled or blotchy skin. Apply before retiring, washing at once in the morning. Many skins wrinkle easily with every wind that blows, with heat, worry, etc. An excellent wrinkle remover, because it tightens the skin and strengthens the tissue. The wash lotion made as follows: Powdered salicylate, 1 oz., dissolved in witch hazel, 1-2 pt. This gives immediate results.

Harmony in the Home

Rests with the Cook

The best natured person in the world will get grouchy slaving over a coal or wood fire.

CHAUFFEUR ARRESTED AT WESTERLY

Harry Crosby Under \$5,000 Bonds—Charged With Manslaughter in Causing Child's Death—Body of James Fallon Recovered—Dummy to Regulate Traffic—Joseph B. Totten Figures in North Stonington Court.

Harry Crosby, the nineteen year old chauffeur for Mrs. Mary A. Graf, who operated the automobile that struck and killed little Iona Valet, on the Watch Hill road Sunday, was arrested by Chief of Police Thomas E. Brown, charged with manslaughter. When arraigned before Judge Oliver H. Williams, in the third district court, he pleaded not guilty to the charge. The case was continued to next Friday for hearing and a bond of \$5,000 was furnished for his appearance, with Mrs. Graf as surety. This action is independent of the coroner's inquest.

Coroner Everett A. Kingsley has commenced an inquest which will probably occupy several days, as witnesses are numerous. The inquest is conducted in secret and the coroner will return his finding to the attorney-general of the state of Rhode Island, probably before next Friday, the day assigned for the hearing in the court on the manslaughter charge.

The body of James Fallon that was recovered from Hedges quarry hole Sunday afternoon, where it had been since Friday afternoon, has been forwarded to his home in Fall River, accompanied by his father, brother and Western relatives. The submarine diver from the T. A. Scott company, of New London, who recovered the body, said it was among the most perilous of under water trips that he had taken, due to the unevenness of the rocks and the mud that had accumulated between the jagged rock, making walking along the bottom decidedly uncertain.

The diver found the body forty feet below the surface with the arms encircled about the mast of an old derelict and there was difficulty in releasing the body. This explains why the body did not rise to the surface, and therefore was not seen by the three companions of the young man, who were in swimming with him in the quarry hole at the time of the fatality. It is presumed that when young Fallon sank to the bottom, and as a frantic and dazed condition, he grasped the old mast and died soon after.

The building of the Westerly Memorial and Library association was formally dedicated twenty-one years ago, Monday, and its growth and usefulness has bordered on the marvelous. The book on the shelves has increased from 5,000 to nearly 40,000, and the association has been of a greater ratio. At the opening of the new building, the association was working for the library was Librarian Ethan Wilcox, now librarian emeritus, Miss Fannie Wilcox, assistant librarian, and James E. Kennedy, janitor, and these are still engaged in the building. In addition, the present working force is composed of Joseph L. Peacock, librarian; the Misses Marie Zanzardi, Natalie Hazard, Alice Kennedy, Sally Coy and Agnes Brodie, assistant librarians, and Arthur L. Weston, assistant janitor.

The building was erected as a memorial to the soldiers and sailors of the civil war as well as for library purposes, and a suitable tablet was placed in the lobby on the second floor, where the quarters of Budlong and Hancock Posts, Grand Army of the Republic are located. The people of Westerly subscribed \$25,000 to the building fund, which was duplicated by Stephen Wilcox, who served in the civil war, and the second \$25,000. The site was purchased for \$15,000, and the building work commenced. Mr. Wilcox agreeing to add \$10,000 to his contribution. The building was well under way when Mr. Wilcox died, and before he made his second donation to the building fund.

But Mrs. Wilcox carried out the plans of her husband. The project increased in magnitude and Mrs. Wilcox supported the library and the building until her death. Prior to that event, she had purchased the adjoining property and converted it into Wilcox park. She made provision in her will for the perpetual support of the library and care of the park through a board of trustees, and there has been great improvement in park and building and increases in property, under the direction of the trustees, since the death of Mrs. Wilcox. The library is conceded to be among the most complete in New England.

To Put On Flesh And Increase Weight

GOOD ADVICE FOR THIN PEOPLE.
"It is certainly give most anything to be able to gain a few pounds in any way that way," declare many thin men and women. Such a result is usually not impossible, despite past failures. Most thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood much of the fat and flesh producing elements stay in the intestine until they pass from the body as waste. To correct this condition and to produce a healthy, normal amount of fat-the-flesh making food elements must be so prepared in the digestive processes that the blood will accept and distribute them throughout the body. There is a preparation called Sargol, which works on this basis and which is sold by nearly every druggist on a positive guarantee of weight increase or money back. Hundreds have testified to weight increase from its use. Sargol does not of itself increase weight, but is simply a combination of ingredients of acknowledged merit that taken with meals secures to better the digestive organs to separate the fatty elements of the food and to absorb them readily. Sargol comes in tablet form, pleasant and easy to take, and its action is perfectly natural and harmless. Sargol is sold by Lee & Oswald and druggists everywhere, who are authorized to refund the full purchase price if weight increase is not obtained.

NOTE—Sargol is recommended only as a flesh builder and while it has produced excellent results in cases of nervous indigestion and general stomach disorders care should be taken by those using it who do not want to increase weight.

and non-observance of the directions of this dummy will result in arrest and prosecution. At night the dummy will be surmounted by a red light to serve as a guiding light and to prevent the foresaid dummy from becoming a menace to public traffic.

Joseph B. Totten, engaged in the production of photographs at his studio in Voluntown, with many scenes taken in Westerly and vicinity, took an important part in an actual country court scene in North Stonington, Monday, which, if reproduced on a moving picture screen would make a decided hit, for it was the real article. The courtroom was filled with men of leisure, in the main composed of aged farmers, and to them the court was as good as a circus. The case on trial was that of J. B. Totten against Birdseye Palmer and was tried before Justice Charles E. Chapman.

Mr. Totten purchased the Palmer farm, and all there was thereon, but subsequent events were displeasing to the purchaser, not solely for the monetary considerations involved, but for the alleged methods of the former owner. It is said that window sashes were removed from hen coops, but returned on demand, and like transactions. Mr. Palmer carried from the premises manure that Mr. Totten claimed was purchased with the farm and also removed a lot of corn from the corn crib, that he did not return, claiming the ownership.

Mr. Totten finally resolved to bring suit for seven months' rent for the corn crib and pay for eight cords of manure and this is the case that is heard before Justice Chapman. Allyn L. Brown of Norwich represented the plaintiff and Clarence E. Roche and Charles W. Comstock the defendant.

The preliminary work of selecting the teams that will represent the national guard of Rhode Island at the New England Wakes, at Worcester, Mass., in September, and at the national matches at Jacksonville, in October, will begin at the Rumford range next Wednesday. The competition is open to all members of the national guard who qualified as experts prior to July 1, and who are otherwise qualified under the rules governing the competitions.

Seventy-two members have made the expert qualification in the specified time and are eligible to try for the team, provided they have been members of the guard for at least twelve months and during that time have performed at least 75 per cent. of the required military duties.

Local Laconics.

Attorney C. Hadlai Hull of New London was in Westerly Monday.

C. Byron Billings of New London was on a business trip to Westerly Monday.

N. L. C. Moore, of Venice, Fla., is the guest of his sister, Mrs. William J. Nichols.
